

Message from the Head of School

Welcome Back to School

Developing Young Leaders

Who Can Transform Our World Through Dynamic Change

Dear Parents,

On behalf of the teachers and staff at Orion International Academy, I am very pleased to welcome you to the 2017-18 school year! We are anticipating an amazing year filled with discovery and growth. It is with great joy that we are settling into our new facility. We are filled with wonder and excitement about what new possibilities this site will provide for our young leaders.

This year we will continue to focus our efforts on developing young leaders who will be prepared for the 21st Century. The skills that our young people will be learning are: academic achievement, critical thinking, responsibility, communication, and the power of positive influence.

Please be aware that your child will have homework that is commensurate of a college preparatory curriculum. In addition, your child will be expected to take notes, actively engage in instruction, treat peers and staff with dignity and respect, and strive to be a life-long learner in preparation for this millennium.

It is with the deepest gratitude and humility that we have the honor of serving your family and child with the expectation that through hard work, dedication, perseverance and integrity that your child's dreams of attending the college of his/her dreams will become a reality!

Sincerely,

A handwritten signature in blue ink, appearing to read 'R. Sortino'.
